

Preliminary Programme

WEDNESDAY – 16 SEPTEMBER 2026		
12:00	Registration	Foyer
13:00–13:15	Opening Session	Auditorium
13:15–15:00	Session 1	Auditorium
15:00–15:30	Coffee Break & Exhibition	Exhibition Area
15:30–16:15	Plenary Lecture #1: Utilizing Insights from Endogenous Modulation in the Pharmacological Targeting of Kv7 Channels <i>Prof. Sara Liin</i>	Auditorium
16:15–18:00	Session 2	Auditorium
18:00–19:30	Welcome Reception	3 rd Floor
THURSDAY – 17 SEPTEMBER 2026		
8:00	Registration desk opens	Foyer
09:00–09:45	Plenary Lecture #2: Prof. Dr. Thomas Jentsch: Discovery of KCNQ channels and their roles in physiology and disease	Auditorium
09:45–10:15	Coffee Break & Exhibition	Exhibition Area
10:15–12:00	Session 3	Auditorium
12:00–13:30	Lunch & Poster Session	3 rd Floor
13:30–14:15	Plenary Lecture #3: Unraveling KCNQ2/3/5 Channel Function in the Brain: From Epitope-Tagged Lines to Disease Models <i>Prof. Anastasios Tzingounis</i>	Auditorium
14:15–15:45	Session 4	Auditorium
15:45–16:15	Coffee Break & Exhibition	Exhibition Area
16:15–16:45	Industry Symposium (ia)	Auditorium
16:45–18:00	Session 5 (Young Investigators I)	Auditorium
20:00–23:00	Symposium Dinner	
FRIDAY – 18 SEPTEMBER 2026		
8:00	Registration desk opens	Foyer
09:00–09:45	Plenary Lecture #4: Structural basis for ligand modulation of human KCNQ2 <i>Prof. Jiangtao Guo</i>	Auditorium
9:45–10:15	Coffee Break & Exhibition	Exhibition Area
10:15–12:00	Session 6	Auditorium
12:00–13:15	Lunch & Poster Session	3 rd Floor
13:15–15:00	Session 7 (Young Investigators II)	Auditorium
15:00–15:20	Coffee Break & Exhibition	Exhibition Area
15:20–16:20	Session 8	Auditorium
16:30–17:00	Closing Ceremony/Awards/Farewell	Auditorium
